

§ 63.9

§ 63.9 Sale while claim pending.

If a claimant sells a structure prior to its demolition or relocation, no benefits are payable to that claimant under section 1306(c) of the Act, and any payments which may have been made under those provisions shall be reimbursed to the insurer making them.

§ 63.10 Demolition or relocation contractor to be joint payee.

If a demolition or relocation contractor is used, the instrument of payment for benefits under section 1306(c) of the Act for the fee of that contractor, shall include that contractor as a joint payee, unless that contractor has already been paid when the instrument of payment is issued.

§ 63.11 Requirement for a commitment before October 1, 1989.

The requirement in section 1306(c)(7) of the Act that a commitment be made on or before September 30, 1989 as a necessary condition to making any payments after September 30, 1989, is met if before October 1, 1989,

(a) There is either a condemnation in accordance with § 63.2 of this part or a certification in accordance with subpart B of this part, and

(b) A policyholder's notice of claim for benefits under section 1306(c) of the Act is received by the insurer.

§ 63.12 Setback and community flood plain management requirements.

(a) Where benefits have been paid under section 1306(c) of the Act, the setback requirements in section 1306(c)(5) of the Act, which if not met result in a prohibition against subsequently providing flood insurance or assistance under the Disaster Relief Act of 1974, shall apply:

(1) To the structure involved wherever it is located, and

(2) To any other structure subsequently constructed on or moved to the parcel of land on which the structure involved was located when the claim under section 1306(c) of the Act arose.

(b) In addition, any structures relocated under section 1306 of the Act must comply with the flood plain management criteria set forth in § 60.3 of this chapter.

44 CFR Ch. I (10–1–04 Edition)

Subpart B—State Certification of Structures Subject to Imminent Collapse

§ 63.13 Purpose of subpart.

The purpose of this subpart is to establish criteria under the provisions of section 1306(c) of the National Flood Insurance Act of 1968, as amended, by which States can obtain approval from the Administrator to certify that structures are subject to imminent collapse or subsidence as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels. The subpart also sets forth the procedures and data requirements to be utilized by those States in certifying structures as subject to imminent collapse. The State certification procedure represents an option to the use of the procedure whereby a structure is condemned by a State or local authority as a prerequisite to consideration for imminent collapse insurance benefits.

§ 63.14 Criteria for State qualification to perform imminent collapse certifications.

In order to qualify under this subpart, the State must be administering a coastal zone management program which includes the following components, as a minimum:

(a) A state-wide requirement that prohibits new construction and the relocation of structures seaward of an adopted erosion setback. Such setback must be based in whole or in part on some multiple of the local mean annual erosion (recession) rate; and

(b) An established, complete and functional data base of mean annual erosion rates for all reaches of coastal shorelines subject to erosion in the State, which is used as the basis to enforce these setback requirements.

§ 63.15 State application for eligibility to certify structures subject to imminent collapse.

(a) Application pursuant to this part shall be made by the Governor or other duly authorized official of the State.

(b) The application must be submitted to the Federal Emergency Management Agency, Federal Insurance
